

PayEase - FinTech App

Project Overview

PayEase is a mobile FinTech application UI designed using Figma. The application provides users with a simple and user-friendly interface for managing daily financial activities.

Objective

To design an intuitive and modern mobile banking interface that enables users to perform common financial tasks easily.

Tools Used

- Figma

Features

- User Login
- Dashboard
- Send Money
- Transaction History
- User Profile

Outcome

The project successfully demonstrates a clean and responsive FinTech user interface with a focus on usability, accessibility, and simple navigation.
